at 4:00 p.m.**

CMAS

CMAS testing begins next Tuesday, April 3. A schedule for actual testing times is being sent to parents of students who are testing. Once again, please be sure your children are in school, on time during testing. A student's testing experience is enhanced when they are able to test with their peers and do not feel rushed.

Testing affects the whole school because we must maintain a testing environment and no visitors are allowed in the building. Unfortunately, the state dictates that **parents are not allowed to be here when we test.** We will not be testing on Mondays so you may be in the school for lunch or visiting on those days. We can still deliver lunch, instruments and homework to classrooms for you.

YEARBOOKS GO ON SALE THIS WEEK!

Robotics

Our robotics club members participated in the District's Code Wars Coding Competition and First Lego League Rematch at Widefield High School on Friday, March 16. Coding teams rotated between a variety of stations including Blockly, Sphero, Drones, and Cybersecurity Presentations. We sent two teams for each component and brought home several placements. The students performed well, even on tasks that were not known to them prior to the competition. We are proud of the work these students have done throughout the year and to Mrs. Boden, Miss Reachard and Mr. Dungan for their guidance. Students participating were as follows:

FLL:

Bella Rezendes
James Annis
Victoria Muñoz
Lalin Marley

Landon Cummings
William Butler
Ryan Lucas

Coding:

Natalie Muñoz
Natalia Hildebrand
Nate Auguste
Trevor Annis

Anthony Washell
Kaden Stone
Kaden Dungan
